PARHOPAKISTAN
1ST YEAR ICS - STUDY PLANNER & REVISION NOTES
Punjab Boards | Class XI

IMPORTANT
This is an original independent study aid. It is NOT an official Lahore Board or PECTAA pairing scheme, model paper, or textbook replacement.
Do not treat it as an exam prediction. Confirm your current subjects, syllabus, deleted topics and paper pattern from your college and latest official notices.

SUBJECT REVISION GUIDE
Mathematics: Recall formulas, solve examples without looking, show every algebraic step, and keep an error notebook for signs and calculations.
Physics: Learn each law, equation, symbols and SI units. For numericals use: Given -> Required -> Formula -> Substitution -> Answer with unit.
Computer Science: Learn technical terms; trace algorithms and programs line by line; practise input, processing, output and edge cases.
English: Practise comprehension, grammar and structured writing; proofread.
Urdu: Use prescribed prose/poetry text; practise explanations, grammar and writing.
Islamiat / Tarjuma-tul-Quran: Study the prescribed text and verify references.
Economics (if selected): Learn definitions, examples and diagrams; explain cause-and-effect relationships and label diagrams clearly.

Follow the exact subject combination on your own college registration record.

WEEKLY STEDE TIMETABLE
Monday: Mathematics examples + Computer concepts/coding; review 10 MCQs.
Tuesday: Physics concepts/numericals + English grammar/writing.
Wednesday: Mathematics exercise + Urdu text/writing; review 5 short answers.
Thursday: Computer theory/logic + Physics derivations; review mistakes.
Friday: Compulsory subject rotation + elective (if selected); revise definitions.
Saturday: Timed mixed practice + weakest topic; mark your own work.
Sunday: Light revision/rest; plan next week and update the tracker.

HOW TO REVISE
1. Study one small topic for 25-40 minutes.
2. Close the book and write what you remember.
3. Solve questions without copying a worked solution.
4. Check answers and record exactly what went wrong.
5. Revisit difficult work after 2 days and again after 1 week.

ORIGINAL SELF-TEST PROMPTS
Maths: Solve one exercise question twice, once with notes and once without.
Physics: State one law, write its equation, define symbols and give SI units.
Computer: Write an algorithm for an everyday task; list inputs, steps and outputs.
English: Write a 150-word paragraph about consistent study and proofread it.
Urdu: Explain a prescribed lesson or poem using your textbook.
Economics: Explain one concept with a definition and a daily-life example.

These prompts are original practice starters, not copied board questions.
